

TYROS ACADEMY · EXECUTIVE EDUCATION

# Executive Education for Financial Leaders

*Corporate programmes and leadership development for  
boards, executive committees and the sensitive functions of  
financial services.*

# Four executive learning paths

Focused, board-ready programmes designed for leaders, managers and regulated functions. No technical prerequisites — a business-first pedagogy, delivered on site or remotely.

---

## 01 **AI in the Enterprise**

Understand, use and secure artificial intelligence at work — for executives and business teams making decisions on AI adoption.

1H30 · 2H · HALF-DAY

---

## 02 **AI Act & Governance**

The new European obligations and how to structure a responsible AI governance across the organisation.

2H · HALF-DAY

---

## 03 **GDPR in Practice**

Protecting client and employee data through simple, concrete practices embedded in day-to-day work.

1H30 · 2H

---

## 04 **Cyber Reflexes**

Preventing phishing, securing digital practices and reducing human error across regulated teams.

1H30 · 2H

AI

Risk

Compliance

Transformation

# Built for executive agendas

*Success comes from understanding people, whatever their role — and everyone should leave more confident.*

## Corporate programmes

Tailored to your organisation's context, risk profile and regulatory obligations — from a single briefing to a continuous annual programme.

## Leadership development

Sessions designed for boards, executive committees and managers who must decide, not merely comply.

## Learning paths

AI, Risk, Compliance and Transformation — combined into coherent paths rather than isolated training days.

## Audience

Executives, managers, HR and business teams across the sensitive functions of financial services.
